Memoise Personal Ledger

Everything has a place.

A local-first space for life, in order

One continuous timeline

Clear dates, calm focus

Thoughtful by design

Timeline Home Screen

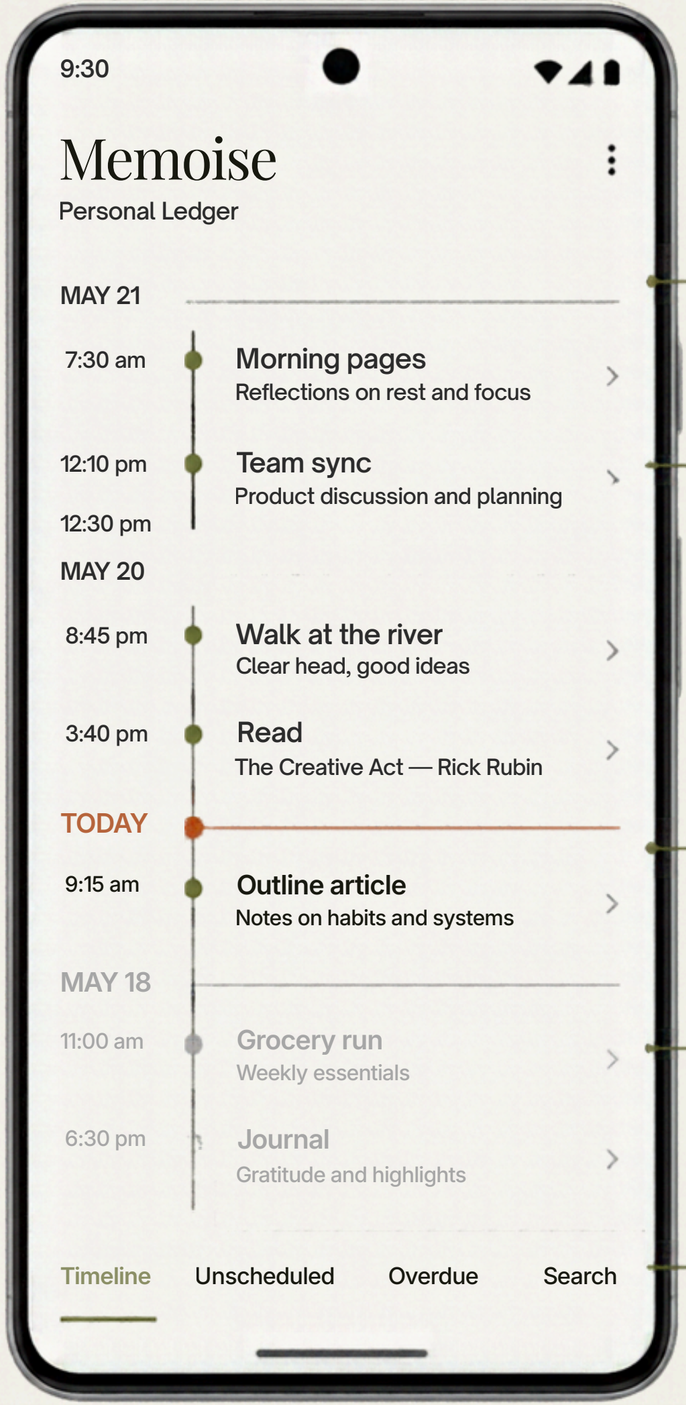

A continuous record of your life, in order.

Chronological flow anchored by clear date dividers

Today marks where you are

Entries stay in place—completed ones fade quietly

Tap any entry to open and reflect

Editorial date dividers anchor the timeline

Varied entries capture life as it happens

Today marker shows your current position

Completed entries remain visible, subtly muted

Four places to navigate your commitments and memories

Quick Capture Flow

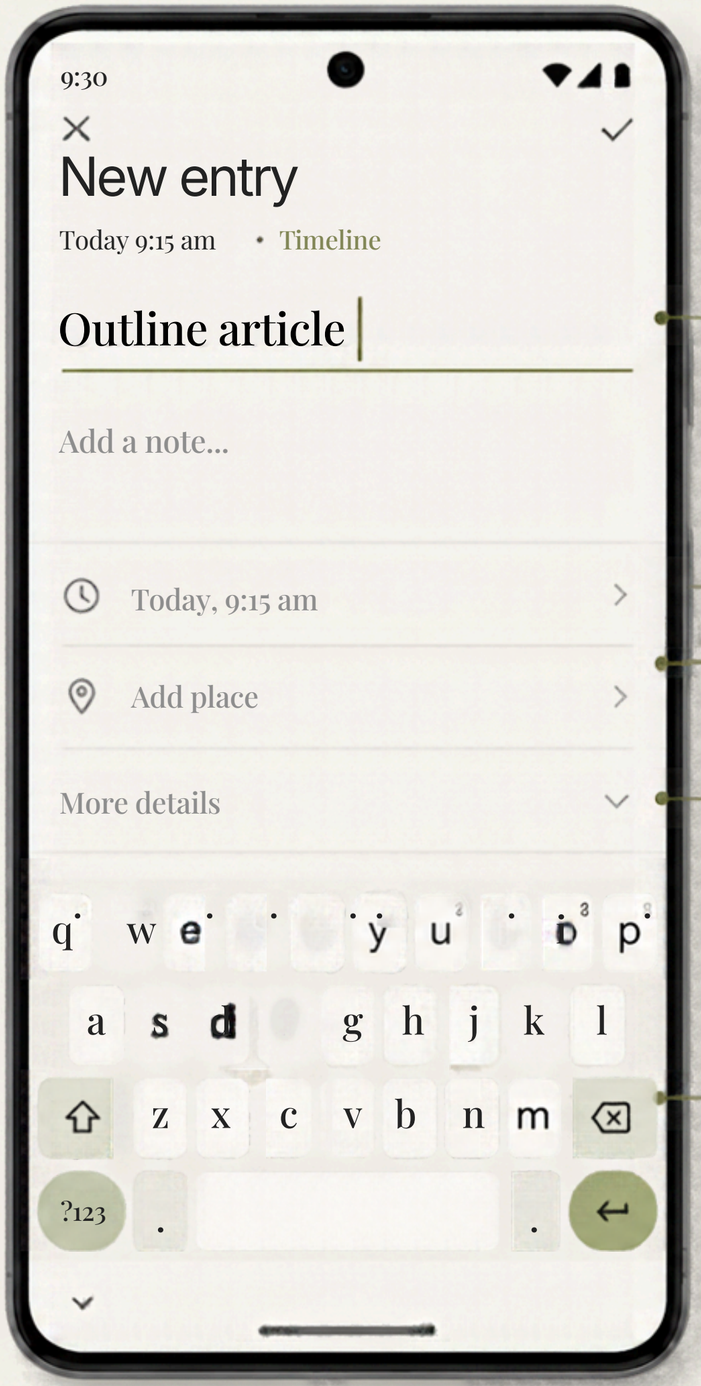

Capture first, details later.

Start with a title to save what matters now

Add time and place in one tap

Reveal more fields only when you need them

Stay in flow, anchored to your timeline

Begin with a title to capture instantly

Time and place added in one tap

Expand for context only when needed

Saved entry appears in your timeline immediately

Entry Detail View

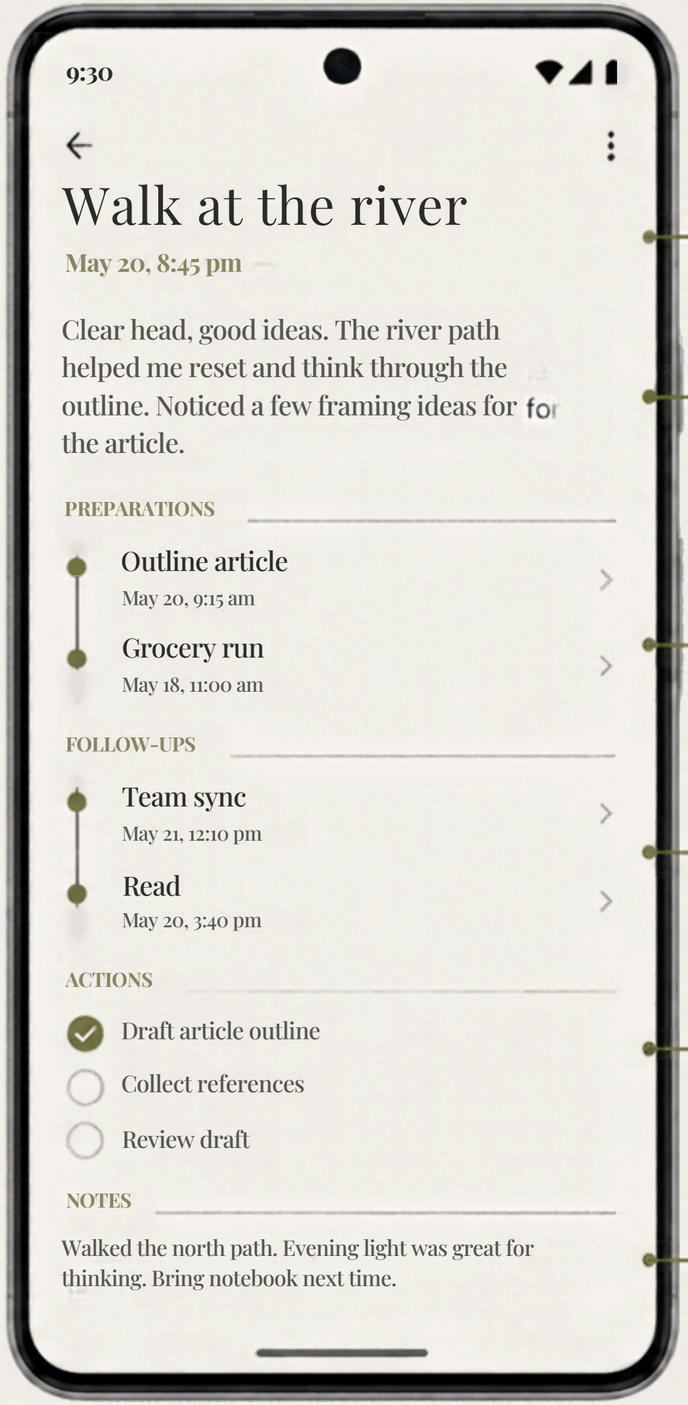

Rich context for what matters.

Capture thoughts, context, and details in one place

Link related preparations and follow-ups

Track actions without clutter

Keep supporting notes close at hand

Clear title and time anchor the entry

Room to capture your thoughts

See what led up to this moment

Stay connected to what comes next

Track next steps at a glance

Notes keep extra context within reach

Relationship Creation Interaction

Turn any moment into its next step.

Select the words that matter most and reveal context-aware actions

Link forward with a follow-up or prepare the ground with a preparation

Your original entry stays intact, clearly visible

A preview confirms the new connection before you continue

Long-press selection reveals context-aware actions

Create a preparation or follow-up in one tap

Original entry remains visible and unchanged

Linked entry preview confirms the connection

Unscheduled Entries Screen

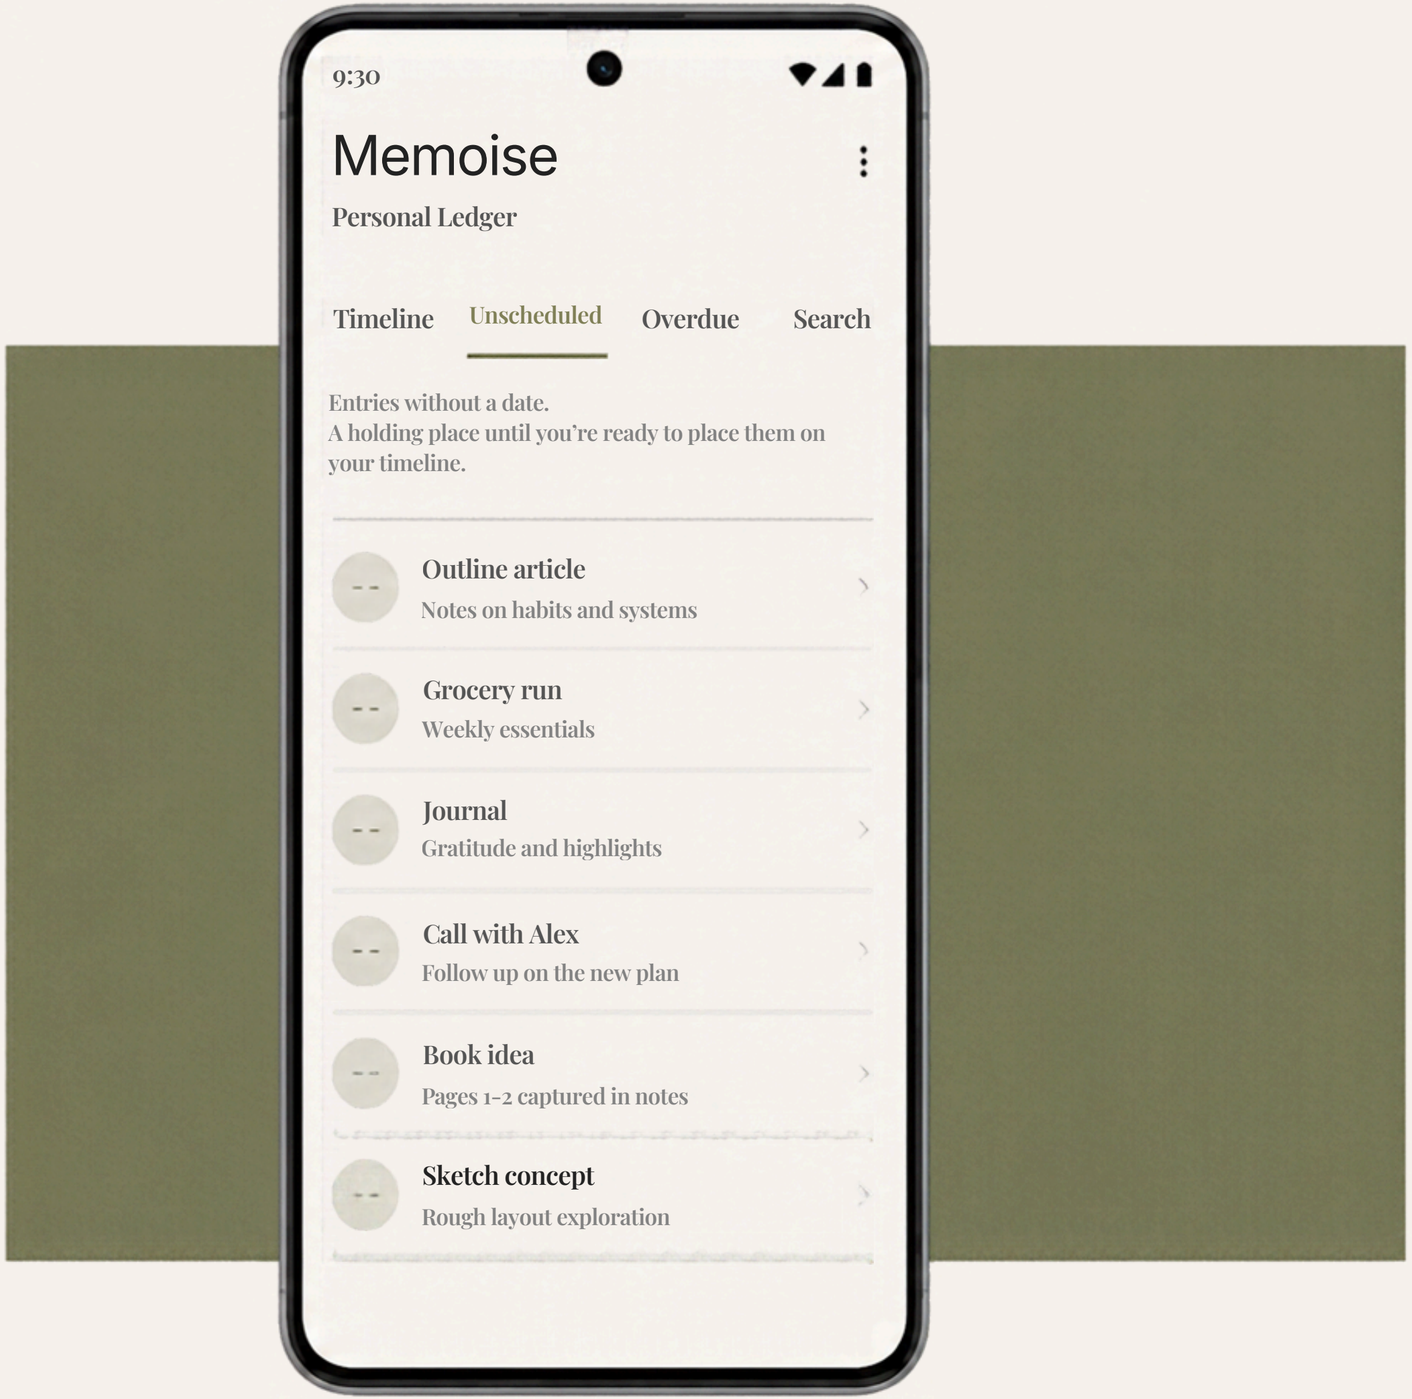

A calm holding place for what doesn’t have a date—yet.

Keep ideas, notes, and moments without a date in one quiet list.

Distinct from your timeline, so today stays clear.

A temporary home, not a task backlog—review and place when ready.

Less clutter, more clarity when it’s time to reflect.

Overdue Entries Screen

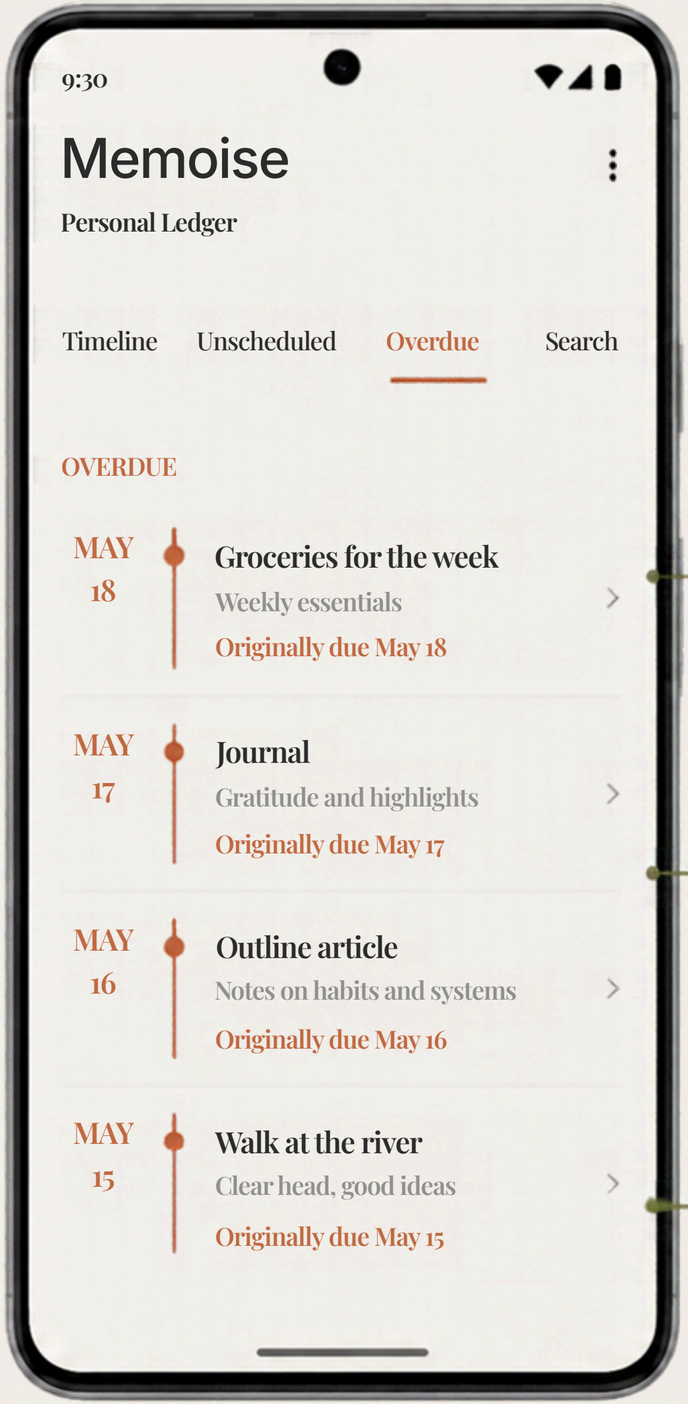

Unfinished obligations stay visible until they're done.

Overdue entries keep their original scheduled date

Subtle highlighting draws attention without overwhelm

Past commitments remain in context

Supports accountability with calm, steady cues

Original due dates anchor each overdue commitment

Warm accent signals priority without interrupting flow

Clear hierarchy keeps overdues visible and easy to act on

Unified Search Interface

Find anything, instantly.

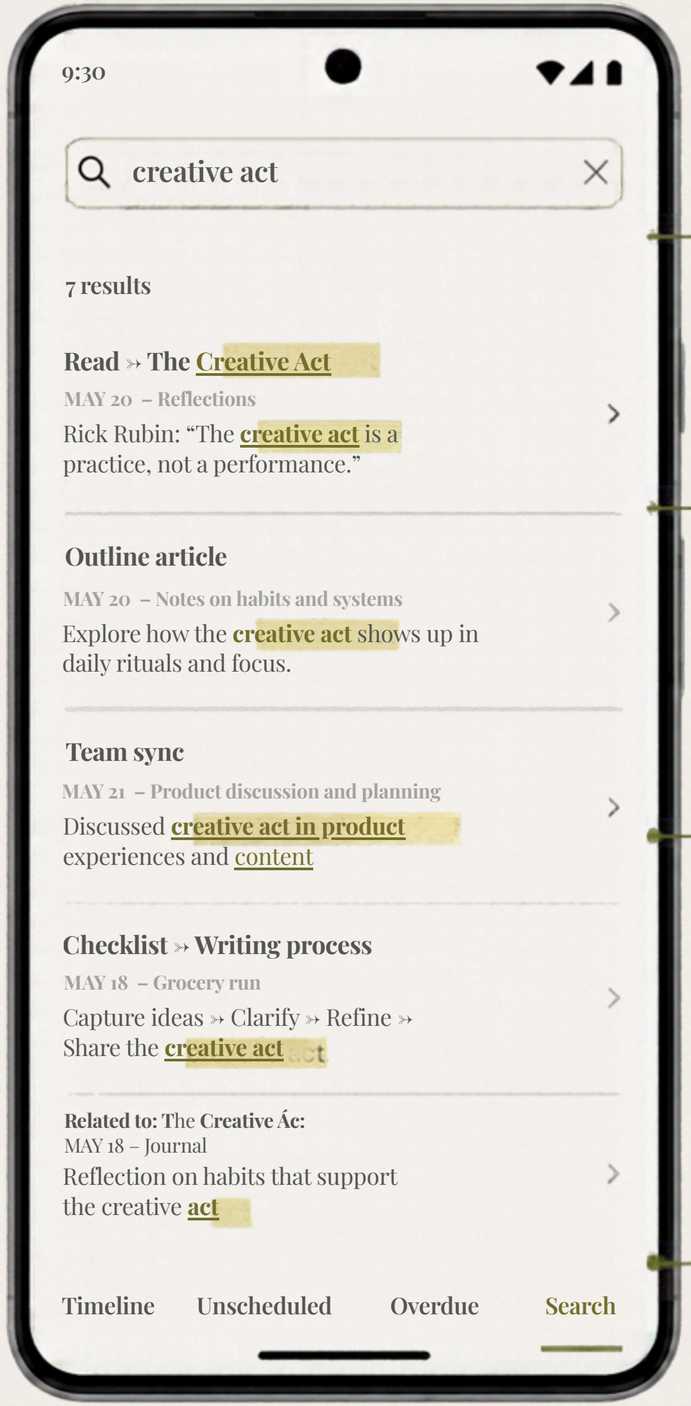

Search across every part of your life in Memoise

Titles, descriptions, notes, checklist items, and relationships

Results surface key matches with context you can trust

Jump from discovery straight back to your timeline

Everything has a place.

One search, every part of your life

Instant matches with highlights and context

Results connect you back to the right entry

Discovery returns you seamlessly to your timeline
